## Medical checkup package tour

Are you confident enough that you will never get ill?  
 Insensibly those before our lives are taken away by the diseases  
 Hence for the happy and healthy living  
 Please attend the world-renowned medical institution for a comprehensive checkup  
 For the purpose of health investment and bright future

The Tokushukai, a comprehensive medical institution with the benefits of hospital nursing, provides art-of-the-state experiential therapies.

Striving for the faith “whatever is fair is life only”, the Tokushukai Group commits to that everyone will receive the best medical service at anytime and anywhere. The Tokushuai Group who is challenging the revolution of Japanese and worldwide medical environment, is one of the most award-winning private medical group, ranking at the top in Japan and 3rd in the world. With more than 70 comprehensive medical groups equipped with the most advanced medical devices, the Tokushukai Group will back your health.

Shizuoka Tokushukai Hospital has the art-of-the-state checkup system and the complete and good traffic environment.

Shizuoka Tokushukai Hospital locates at Shizuoka Prefecture, Shizuoka City, which has the Fujiyama-a world cultural heritage. It is near to the Shizuoka Airport, and easy to access to the Tokyo, Nagoya, Osaka. Shizuoka Tokushukai Hospital is close to the sea, standing opposite of the Fujiyama.

Equipped with the up-to-date medical devices, painless and right checkup, only one day is required for the comprehensive checkup.

Shizuoka Tokushukai Hospital will conduct the quick and accurate checkup from the 8 o'clock AM to 5 o'clock PM. The comprehensive checkup results, such as PET-CT, MRI, MRA, Gastro-scope and Blood test will be kept in electronic version and shared by all the Tokushukai hospitals. The checkup results reports can be translated into Chinese and sent to the checkup person together with the Japanese version.

In case that any disease is found during the checkup, it is possible to receive the reliable and safe therapy in the Tokushukai Hospital.

The comprehensive checkup received in the Shizuoka Tokushukai Hospital will ensure that any disease found during the checkup will be treated in the hospitals of Tokushukai Group. Thanks to the share of electronic medical record in the hospitals of Tokushukai Group. Of course, it also allows the treatment from the domestic hospitals in China. The Shonan Kamakura of Tokushukai Group has the cutting-edge medical techniques to treat the cancer, with the experience of treating the foreigners. Whatever the instructions of the therapy, quotation or medical therapy certificate, assistance of medical visa, all of the backup service will be available. It is different from the other companies which only provide the tour and visit service, our company has acquired the great support from the Tokushukai Group. And we will provide you with the safe and reliable services through the comprehensive checkup to the therapy.

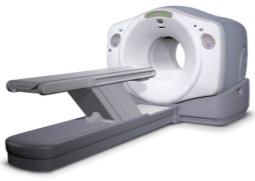

# Characteristic feature of our checkup package tour

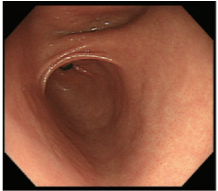

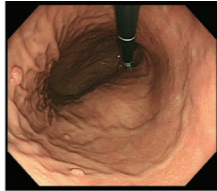

Many people will feel uncomfortable due to the checkup in hospital, and they want to escape from the blood drawing and miserable gastroscopy. Our recommended comprehensive checkup includes the extraordinary medical persons and newest medical devices, and hardly pain and uncomfortable feelings you will suffer to ensure the relaxed checkup.

The relieved comprehensive checkup is assured by the combination of newest medical devices and the medical backup.

- It can check up many organs at the same time and find the small tumor without any pain, the notable PET-CT checkup.
- Painless gastro-scope and MRI and MRA checkup for the brain; synchronized checkup and filming, colorful images to display the situation of esophagus, stomach and brain.

- One month later than the checkup, both the Japanese and Chinese reports will be provided

The previous day prior to the comprehensive checkup, earlier breakfast will be prepared.

The time schedule and diet will be adjusted considering the situation of the checkup day. The previous day prior to the checkup, the hotel will prepare the earlier breakfast and the translator will help and fill the inquiry form in Chinese. On the day of checkup, the translator will also escort all the way to ensure you will enjoy a relieved checkup. After the completion of the checkup, a luxury and rich dinner will be prepared for you. The hotel and the warp spring will guarantee the detailed and comprehensive services given to you, even the guests of first time will also feel comfortable to attend this checkup package tour. Comfortable comprehensive checkup in 2 nights and 3 days is there waiting for you!

## ● Provide Highest Quality Service

After the completion of the advanced comprehensive checkup, is there any hospital trustable if any disease is found?  
 For those diseases that are easy to handle, the normal hospital will be enough.  
 In case that any higher level and advanced therapy is required,  
 The Tokushukai Group will provide the highest medical services.

### ● The electronic medical record of the checkup results will be shared by the hospitals of Tokushukai Group all over the Japan.

Different from the other institutions that only inform patients the checkup results, the electronic medical record of the checkup results of the Shizuoka Tokushukai Hospital will be shared among all the hospitals of Tokushukai Group. In case of any need to treat, the patients can receive the therapy in the Shizuoka Tokushukai Hospital, or the Shaonan Hospital which has the most advanced medical techniques, as well as the suitable medical experts.  
 If you are considering your health issues in real, Please choose the Tokushukai Group, which is at the top rank in the world and has the highest quality system to undertake your checkup.

### ● 2 large comprehensive hospitals which are both equipped with the state-of-the-art medical checkup devices and up-to-date therapy devices.

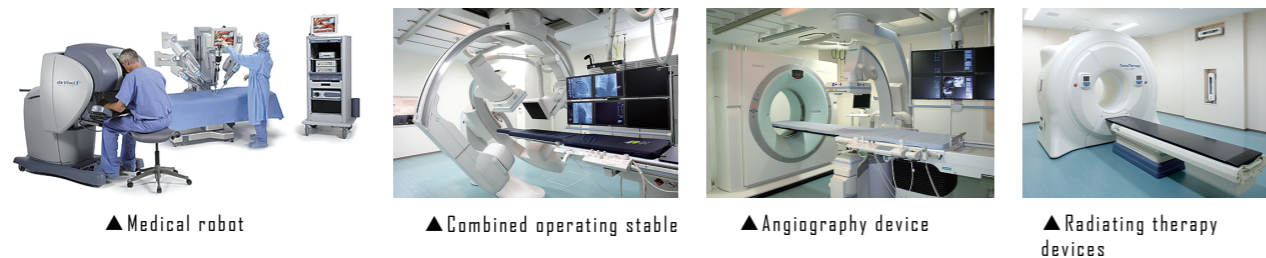

The Shizuoka Tokushukai Hospital is a large-scale comprehensive hospital that has 9 floors, 500 sickbeds and 10-year experience accumulation to treat various kinds of diseases. The Shizuoka Hospital is the located at the Shizuoka Prefecture which is the top 1 of the lifetime and has a close connection with the locals to provide the advance therapy, a hospital with the unique feeling of relief.

The Shonan Kamakura Hospital is a large-scale comprehensive hospital that has 1 underground floor and 15 floors above the ground, 600 sickbeds and 48 subjects. All kinds of therapy experiences, the cutting-edge checkup and therapy devices and the highest quality of medical services will provide the foreign patients with highest medical services. To receive the foreign patients and provide the medical support, it established the "international medical backup office".

### ● Striving for the more accurate and suitable therapy, we employ the most advanced devices to save lives.

Shonan Kamakura Hospital evolved continuously on the cutting-edge medical devices to save more lives.  
 The medical robot Da Vinci S, who has the more complicated hands than the human hands  
 The combined operation table includes the operation table, heart. Brain and blood vessel to achieve a lowest radiating level, and lead to the control of radiator

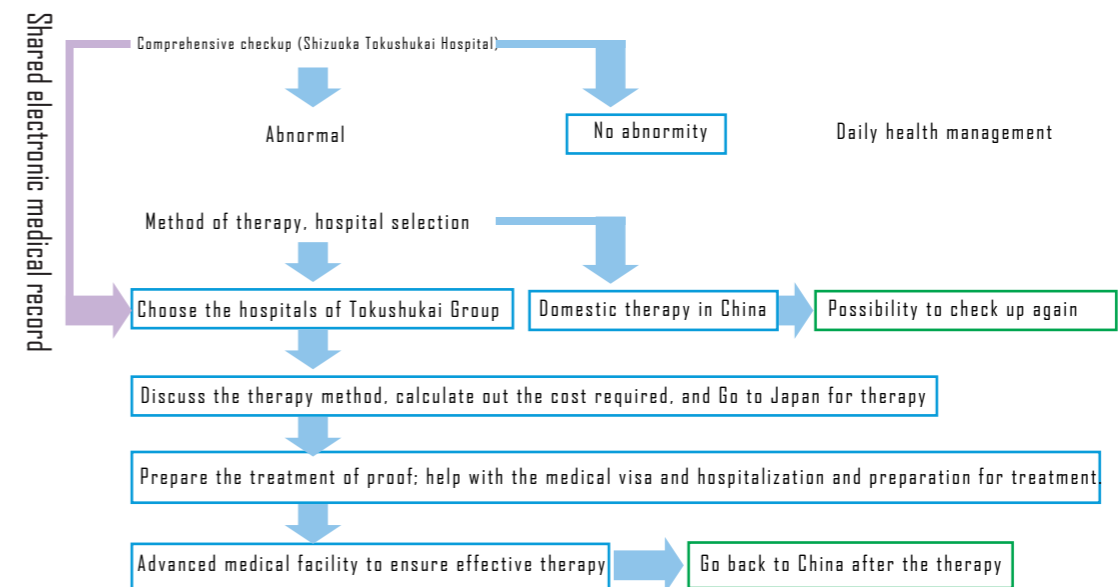

## ● Reassuring and first-class services

Everyone will feel uneasy to receive the therapy oversea, which is true.  
 The disease, language barrier, and others such as "how to receive the therapy in Japan?" will make the patients uneasy.  
 Here comes the solution! We will provide the comprehensive services to you, e.g. assistance of medical visa application in Japan, accommodation, the diet for the companies, meeting and seeing off, translation services, etc.

### ● In case that any disease is found during the checkup, you will never feel scared!

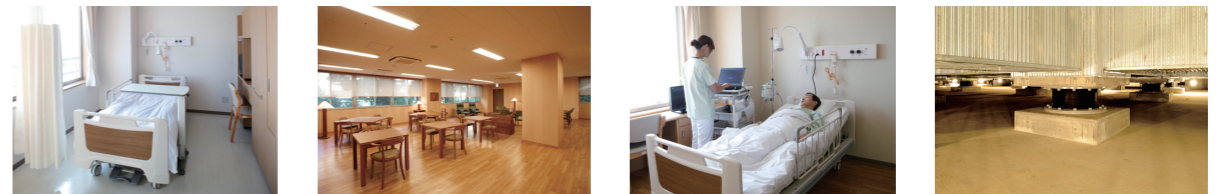

With the comprehensive checkup in the Shizuoka Tokushukai Hospital, you will be informed with the results report of the checkup in Japanese and Chinese version. If nothing is found wrong during the checkup, you will feel relieved but pay attention on your daily health management. In case that any abnormality is found during the checkup, you may choose to receive the therapy either in Japan or China.

In the case that patients hope to receive the therapy in Japan, we will recommend the comprehensive therapy methods based on the checkup results report provided by Shizuoka Tokushukai Hospital choose the fittest hospital and figure out the cost required. Negotiate the schedule and prepare the written documents required for the application of medical visa.

### ● A comprehensive hospital equipped with comfortable ward allows for hospitalization and occasional therapy

The surgery and radioactive therapy require the hospitalization or routine therapy. The hospital we recommended prepares the comfortable wards for the foreign patients. For the patients of requiring routine therapy and their companies, the accommodation will also be available to ensure the patient will get the relieved therapy. And the anti-earthquake policy will also reassure people who may worry about it.

### ● The faith "Whatever is fair is life only" will guarantee the real and reliable therapy.

The faith "Whatever is fair is life only" will guarantee the real and reliable therapy.  
 The Tokushukai Group who is challenging the revolution of Japanese and worldwide medical environment will provide the reliable therapy for you based on the principle of life coming first.
